45 Seconds

45 Seconds
by Harris Skibell with Shaque

"45 Seconds is a collection of discrete, explicitly timed experiences presented in a sound-driven interface."

45 Seconds is now one of my favorite flash sites ever. It is

new and fresh to me. I have never seen anything like it before. It seems like one of those Choose your own adventure books, but instead of words, there are videos. Everyone should experience 45 Seconds.
